Informed the Owner that the Character of this vessel would expire at the end of the present year, and that if not specially surveyed now would have the word "expired" inserted against her name in the Register Book at the end of the year. Now done, the false keel renewed with the exception of 20 feet aft. She is Committee's Minute 18th November 1863 in good condition fit in my opinion to remain as classed 11 A. 1 till the end of this year.
