The fore boom renewed. As this vessel is marked "salted" in the Register Book, on be cased in & salted for 5th vessel's length at each end. The top only of the keelson is salted. On the 20th March 84 I wrote to the Owners recommending that the sides of keelson at ends be salted and desired to be informed when the same would be done - but have received no reply. In other respects the vessel is in good and efficient condition & eligible to remain as classed.
