Particulars of Repairs and Examination *Of sole plate at owners request.*
(State cause of Repairs.)

Examined sole plate which was found to be cracked in frames & aftermost thwartship frames as shown in dotted lines on tracing the frames have been braced together as above in order to enable the vessel to make another voyage to The West Indies at the end of which time the owners propose to fit a new sole plate.

General Observations, Opinion, and Recommendation:— *The repairs to the sole plate appear to be efficient, in my opinion the vessel is eligible to remain as classed provided that the sole plate is again examined at the termination of the present voyage say in about 3 months from this date.*
