REPAIRS, OR EXAMINATION AS PER RULE, FOR Condition & Charge of Owners

This vessel was seen in dry dock, the bottom examined, (which was exceeding dirty & rusty thro' being laid up for so long a period) was cleaned & coated.

Several loose rivets renewed at upper part of the back of rudder
 Examined inside as far as made accessible & found the same to be in a good & well preserved condition. Several places in upper deck caulked &c

It did not transpire whether the name of the vessel or the port of Registry was to be changed.
