REPAIRS, OR EXAMINATION AS PER RULE, FOR Part special survey No 1.

This vessel has been placed in dry dock; the bottom examined & is in good condition. The timber boards and ceiling equal to one strake lifted on each side in the fore hold and on each side of tunnel the timber boards lifted. Inside of double bottom in main hold, also inside of deep tank in after hold examined. The peaks, the chain locker & the engine & boiler space examined. The cement in the bottom found in good condition. The two ballast tanks of double bottom viz: in main hold tested by a head of water to the height of the light water line. The deep tank aft also tested by a head of water. The chain cables having been ranged, have been examined & found complete and good. The masts and spars examined.

To complete the special survey No 1, the cross bunker requires to be examined - and timbers & ceiling in cross bunker to be lifted as per Rule.

PRESENT CONDITION OF THE

Decks	good	Plate (Bottom) & Counter	good	Ceiling	good	Boats	good
