General Observations, Opinion as to Class, Recommendation, &c.:-

State clearly whether any and, if so, what alteration is suggested to be made in the existing classification and notification of the vessel in the Register Book consequent upon this survey, thus, for example:—"to remain as now classed in the Register Book without fresh record of Survey," "to remain as classed and to have record of survey, 9,91," or "to remain as classed and to have record of survey, 9,91, and the notations of ss No. 1-91 and PND91, &c."

This vessel is now in good condition eligible in our opinion to remain as classed, with fresh record of survey of 12, 91; and to have the S.S. Lon 402 recorded when the survey has been completed as above.
