General Observations, Opinion as to Class, Recommendation, &c.:—
State clearly whether any and, if so, what alteration is suggested to be made in the existing classification and notification of the vessel in the Register Book consequent upon this survey, thus, for example:— "to remain as now classed in the Register Book without fresh record of Survey," "to remain as classed and to have record of survey, 9,91," or "to remain as classed and to have record of survey, 9,91, and the notations of ss No. 1-91 and ptND91, &c."
This vessel is now, as far as can be seen, in good and efficient condition, and I would respectfully submit that she is eligible to remain as classed, viz: '100 A1 Spar dk.' with fresh date of Survey: '14. 92' recorded in the Register Book.
