Particulars of Classification (*which must be inserted precisely as in Register Book & Supplements*).

Survey, No. 10439 Port 96

cul Surveys, when held, must be reported in detail and seriatim in the terms of the Rules. State clearly the nature and extent of Repairs, if any, and, in detail, the nature and extent of Examinations and subsequent Repairs. Repairs of Damage (the cause of which must be stated) should be separated from Repairs due to other causes; and the particulars of Damage, besides being detailed in the body of the report, should be summarised in the form shown below. Whenever the condition of Anchors or Chains is reported, the particulars of weight or size and test of the articles should be stated, and also the weight or size, &c., required by the Rules, together with the vessel's Equipment Letter, if any. State also the dates and initials of any letters respecting this case.

CHARACTER. ✱ for Special Survey. Date of last Survey and of Periodical Surveys.	Years Assigned now expired.	Machinery and Boiler Surveys (including date of N.B., if any).

Anchors No. of 3 B. 1 S. 2 K  
Cables, length fourteen size good  
(State if now ranged no  
Hawsers & Warps..... good  
Standing & Running Rigging..... D<sup>o</sup>

*al* Observations, Opinion as to Class, Recommendation, &c.:—

State clearly whether any and, if so, what alteration is suggested to be made in the existing classification and notification of the vessel in the Register Book consequent upon survey, thus, for example:—".....to remain as now classed in the Register Book *without fresh record of Survey*," "to remain as classed and to have record of survey, 9,91," or "to remain as classed and to have record of survey, 9,91, and the notations of ss No. 1-91 and ptND91, &c."

is vessel is in good and efficient condition, eligible in my opinion to remain as classed,  
to have record of survey "6,92"
