General Observations, Opinion as to Class, Recommendation, &c. :-

State clearly whether any and, if so, what alteration is suggested to be made in the existing classification and notification of the vessel in the Register Book consequent upon this survey, thus, for example:—"to remain as now classed in the Register Book without fresh record of Survey," "to remain as classed and to have record of survey, 9,91," or "to remain as classed and to have record of survey, 9,91, and the notations of ss No. 1-91 and ptd91, &c."

In view of the nature of the damage, it is submitted that so far as seen the vessel appears eligible to remain as classed, without fresh record of survey, subject to permanent repairs being carried out when the vessel is not placed in dry dock as previously approved by the Committee in Survey letter dated 30th Feb. 1893
