55.4.2-92.

Précis of particulars of Casualty *This vessel was sunk by collision in Lower Hope, River Thames, on the 5th instant. The Owners writing on the 10th instant state that "it is unnecessary at the present moment to regard this as a mere ordinary accident, as there is every probability of the ship being raised. The Thames Conservancy have the matter in hand and I anticipate she will be under weigh again within the next month.*

In the event of the efforts to lift her being unsuccessful I would then advise your Committee & no doubt you would take the necessary steps to mark her loss, but, as I said before, I do not anticipate anything will arise.
