Last Survey, No. 53888 Port LOW

(Periodical Surveys, when held, must be reported in detail and seriatim in the terms of the Rules. State clearly cause of Repairs, if any, and, in detail, the nature and extent of Examinations and subsequent Repairs. Repairs on account of Damage (the cause of which must be stated) should be separated from Repairs due to other causes; and besides being detailed in the body of the report, should be summarised in the form shown below. Whenever the replacement of Anchors, Chains, or Hawsers is reported, the particulars of weight or size and test of the articles should be clearly stated, and also the weight or size, &c., required by the Rules, together with the vessel's Equipment Letter, if any. State also the dates and initials of any letters respecting this case.

Society's Freeboard (if assigned) as painted on Ship and now verified 1 ft. 1 ins.

REPAIRS, OR EXAMINATION AS PER RULE, FOR Condition

This steamer now appears to be in a sound & efficient condition. The bottom was examined in dry dock, also holds.

			Hawsers & Warps <u>good</u>
			Standing & Running Rigging <u>✓</u>

General Observations, Opinion as to Class, Recommendation, &c.:

State clearly whether any and, if so, what alteration is suggested to be made in the existing classification and notification of the vessel in the Register Book consequent upon this survey, thus, for example:—"to remain as now classed in the Register Book without fresh record of Survey," "to remain as classed and to have record of survey, 9,91," or "to remain as classed and to have record of survey, 9,91, and the notations of ss No. 1-91 and ptnd91, &c."

This vessel now appears to be in a sound & efficient condition eligible in our opinion to remain as classed with a fresh record of Survey on 8/93
