*General Observations, Opinion as to Class, Recommendation, &c.*—

State clearly whether any and, if so, what alteration is suggested to be made in the existing classification and notification of the vessel in the Register Book consequent upon this survey, thus, for example:—".....to remain as now classed in the Register Book *without fresh record of Survey*," "to remain as classed and to have record of survey, 9,91," or "to remain as classed and to have record of survey, 9,91, and the notations of ss No. 1-91, and ptND91, &c."

This vessel is now so far as seen in good condition & in my opinion eligible to remain as classed and to have record of survey of 95 in the Register Book.
