General Observations, Opinion as to Class, Recommendation, &c.:—

State clearly whether any and, if so, what alteration is suggested to be made in the existing classification and notification of the vessel in the Register Book consequent upon this survey, thus, for example:—"..... to remain as now classed in the Register Book *without fresh record of Survey*," "to remain as classed and to have record of survey, 1,97," or "to remain as classed and to have record of survey, 1,97, and the notations of *ss No.* 1-97 and ptND97, &c.."

This steamer now appears to be in a sound and efficient condition, eligible in my opinion to remain as classed with a fresh record of Survey Lon 11/97.
