Last Report, No. 1396 *Port* Yls

(Periodical Surveys, when held, must be reported in detail and serialism in the terms of the Rules. State clearly the cause of Repairs, if any, and, in detail, the nature and extent of Examinations and subsequent Repairs. Repairs on account of Damage (the cause of which must be stated) should be separated from Repairs due to other causes; and besides being detailed in the body of the report, should be summarised in the form shown on the back of the form. Whenever the replacement of Anchors, Chains, or Hawsers is reported, the particulars of weight, or size, of the articles and test of the articles should be clearly stated, and also the weight or size, &c., required by the Rules, together with the vessel's Equipment Letter, if any. State also the dates and initials of any letters respecting this case.

Society's Freeboard (if assigned) as
painted on Ship and now verified }ft.....ins.

General Observations, Opinion as to Class, Recommendation, &c.:—

State clearly whether any and, if so, what alteration is suggested to be made in the existing classification and notification of the vessel in the Register Book consequent upon this survey, thus, for example:—".....to remain as now classed in the Register Book *without fresh record of Survey*," "to remain as classed and to have record of survey, 1,98," or "to remain as classed and to have record of survey, 1,98, and the notations of *st No. 1-98 and ptd98, &c.*"

This vessel appears to be in good condition, & is eligible, in my opinion, to remain as classed with record of last survey 7.98.
