Last Report, No. 59246 Port London
 Periodical Surveys, when held, must be reported in detail and serialim in the terms of the Rules. State clearly the cause of Repairs, if any, and, in detail, the nature and extent of Examinations and subsequent Repairs. Repairs on account of Damage (the cause of which must be stated) should be separated from Repairs due to other causes; and besides being detailed in the body of the report, should be summarised in the form shown below. Whenever the replacement of Anchors, Chains, or Hawsers is reported, the particulars of weight or size and test of the articles should be clearly stated, and also the weight or size, &c., required by the Rules, together with the vessel's Equipment Letter, if any. State also the dates and initials of any letters respecting this case.

REPAIRS, OR EXAMINATION AS PER RULE, FOR Change of owners.

Vessel placed in dry dock, bottom examined cleaned and coated with paint. Two ports cut on each side in 'tween deck to facilitate the owners requirements, same efficiently fitted. Sibboon discarded & wooden spur fitted out end of bowsprit. After bulkhead cut away on each side to facilitate loading and discharge. Name now changed from "Rangitiki" to "Dalston" as per Master's letter attached.

General Observations, Opinion as to Class, Recommendation, &c. :-
 State clearly whether any and, if so, what alteration is suggested to be made in the existing classification and notification of the vessel in the Register Book consequent upon this survey, thus, for example: - "to remain as now classed in the Register Book without fresh record of Survey," "to remain as classed and to have record of survey, 1,98," or "to remain as classed and to have record of survey, 1,98, and the notations of ss No. 1-98 and ptND98, &c."

This vessel being now in a good and efficient condition is eligible in my opinion to remain as classed and to have record of survey 11.98. with amended notation 1 Bk instead of 2 B. K.
