27th May, 1892.

Dear Sirs,

I beg to refer you to my letter of the 21st ultimo, and to ask you to kindly let me have a remittance for the amount outstanding for the special survey during construction of the engines and boiler fitted in the steam tug "THAMES".

With regard to your allusion to the fact that the boiler in question was at first intended for the steamer "STAPERAYDER", I should explain that no previous report was made, and no fees charged for the survey beyond the fees now due, amounting as you are aware to £8.0.0.

Asking the favor of your early attention, in order that this long outstanding account may now be closed,

I am, Dear Sirs,

Yours faithfully,

Secretary.
