

24 Aug 1875.

Dear Sir,

I am in receipt of your letter of the 12th inst. submitting for approval a drawing of a steam boat for the Lake of Geneva, submitted by you for Captain Bouveret, and in regard thereto I have to state that provided the length does not exceed 100 feet and the breadth 12 feet, and cannot run right across the lake, the same will be approved of.

Should that length be over 100 feet, the drawings will require to be sent in for review and will be subject to review by the R.C.B.

The drawing is returned for the drawings please.
Yours,

Dear Sir,

Yours faithfully,

James Bouveret
