Sir.

The N.Z.S.C. ship "Rangitiki."

loading at Napier has parted her cables, & lost them, & there has been a great difficulty in getting others, the whole of N.Z. from North to South, has been searched for suitable chain for her; so far as this Port is concerned some 50 £^s only could be got anywhere near the size required, & this I have passed on to her, with the full understanding that is for Temporary Purposes only, & I herewith beg to enclose a copy of letter sent to T. Gibbs Esq. Sect. Ch. Ch., to that effect. I may mention that here in N.Z. it is very difficult to get chain (tested) the exact size required by Rules.
