Received from Chief Surveyors

VESSEL'S NAME

Rio Tejo

Report London No. 53015

For the remarks of the CHIEF SURVEYOR and ~~CHIEF ENGINEER SURVEYOR.~~

S.S. No. 2

due

March 1891 ~~B.S. due~~

It is submitted that M^r LeLaidier should be requested to inform the owners that before the chain cable in question can be accepted, it must be tested as required by Table 22 at a Towing Establishment recognised by the Committee and the test certificate produced and verified by a Surveyor to this Society when the cable has been placed on board the vessel.
