✱ A1

The Special Survey No. 2 became due on this vessel in August, 1893. Several letters have been addressed to the Owners, but the survey has been postponed from time to time.

The Owners now state that they do not think it necessary to continue the vessel's classification.

The Classing Committee had the case before them at their meeting on the 23rd. instant, when they decided to withdraw the vessel's class from the Register Book, and insert three dots (...) in lieu thereof, indicating withdrawal of class at Owners' request.
