S.S.No.1-91.

S.S.No.2 due August, 1893.

Bl. 3,92 + h. mb. 6,91.

In November last the Owners stated that this vessel would be submitted to survey in January. In February they wrote that she would be available for inspection in a few weeks, and afterwards requested that the same might be further postponed until the end of May. It was understood at the beginning of July that the matter would be attended to at once. In reply to a further letter addressed to the Society's Surveyors at Sheffield it is stated that the Canal Company's Engineer has been informed in regard to this matter but that nothing, as far as they know, has yet been done in the case.
