

Steel Dredger "MANCHESTER" No.160in R.B. 502 tons 1890-8mo.

A-
Hopper Dredger
7,93.

S.S.No.1 due August, 1893.

+ Rmb 8.90

The Owners, The Manchester Ship Canal Co., stated in November last that the vessel would be submitted to survey in January. In February they wrote that she would be available for inspection in a few weeks; in April that the survey would be held at the end of May, and they now state that as the vessel will be busily engaged in dredging operations longer than they anticipated they will be unable to spare her until the 23rd July.

Sanf. 2.7.94

Under the circumstances the proposal to submit the vessel to the S.S. No. 1 after the 23rd inst. over its approval.
