

THE MANCHESTER SHIP CANAL WILL BE OPENED  
TO MANCHESTER ON 1st JANUARY, 1894.

Should some unforeseen contingency delay the opening of the Ship Canal the whole way to Manchester for a short period, arrangements can be made for traffic in Vessels arriving on or after the 1st January next to be received alongside the Ship in the opened portion of the Canal, and to be conveyed to the Manchester Docks by the Ship Canal Company on special terms.

RECORDED  
9/11/93

Dear Sir,

s/s "FLORIDA"  
Your letter of the 31st ultimo.

This vessel is fully engaged at the present time but I have  
no doubt we could arrange for her survey in Manchester in January next.

We shall certainly not have any of our craft surveyed at any  
other port in future.

Have you arranged for Surveys to be held in the port of  
Manchester which will extend 35 miles from Manchester to Eastham?

Yours faithfully,

MARSHALL STEVENS.

Manager

At  
Steam tender.

J.L.V. 91 6.91  
B.S. 3.92 - L.M. 8.6.91

J.L.V. 2 due August 93  
This vessel belongs to the Manchester  
Ship Canal Co. The Manager writes  
that it will be ready for survey  
at Manchester in January. They  
do not intend holding surveys at any  
port other than Manchester & ask  
whether the necessary arrangements  
have been made, as the port of  
Manchester will extend from  
Manchester to Eastham a  
distance of 35 miles.

11.93.

It is submitted that the Boiler  
Survey should be held at the same time  
so that on the vessel for in Jan next  
appd was J.M. 8/11/93

Referred to the Chief Surveyor  
and Chief Engineer Surveyor.
