Boiler Survey due June, 1894.

The Owners recently stated that the vessel had not been away from London since the time of her last Boiler Survey. They were asked to arrange for the survey to take place before she went to sea. The Owners now write to say that the vessel has immediate orders to proceed to sea, and they therefore ask that as she leaves London directly the inspection may be postponed until her return in 5 or 6 weeks' time. *J.H. 23.8.94*

*Submitted that this arrangement
be agreed to.*
