H.

15th August, 1894.

Dear Sir,

I beg to acknowledge the receipt of your letter of the 9th instant respecting the Boiler Survey of the steamer "JOHN PENDER", and with regard thereto I have to point out that in some instances it has been found that the Boilers of steamers have corroded as much when vessels were laid up as when they were at work.

Under these circumstances I shall be obliged if you will kindly make arrangements for the survey in question to take place before the vessel again proceeds to sea.

I shall be glad to learn in due course that you will comply with this requirement.

I am, Dear Sir,

Yours faithfully,

pro Secretary.

The Managing Director,

Eastern Telegraph Co. (Lim.)

Winchester House,

Old Broad Street,

E.C.
