

— Havana.

Mr. José de Vega y Flores, public surveyor &c. &c. certifies that on the instructions of the Harbour authorities :

has surveyed the damages caused by fire on board the tug "Narciso Deulofeu" on the 27th August 1894 and made his report on the 31st —
Mems. Deulofeu Sosa & C^o ^{& received} asked leave to repair the damages on the 17th September 1894. The repairs were finished by the 30th December 1894. and the vessel was surveyed and the engines & boilers underwent the official trial on the 11th of January 1895. On the 3^d September 1895 the said vessel being on the slipway of Mems. Zaldo at Frisoria Mems. Deulofeu Sosa & C^o asked the undersigned to survey her ; which was done : outside, inside, boilers, engines and every other part ; the boilers was tested by pressure and everything was found in good condition and well suited to the navigation she is engaged in. A certificate to that effect was sent to the owners on the 14th of September 1895.

This is signed & visé on the 10th of January 1896.
