S.

18th November, 1895.

Dear Sirs,

With reference to your letter of the 9th instant respecting the case of the steamer "HIGUEROTE", I am directed to acquaint you that under the circumstances the Committee will be agreeable to allow the vessel's class in the Society's Register Book to remain undisturbed for the present, provided you will kindly undertake to have the vessel submitted to the requirements of the special periodical survey No.1 by one of the Society's Surveyors within the next six months.

I may add that Captain Fox, the Society's Surveyor at Barbadoes, could attend at Martinique to survey the vessel upon receiving timely notice.

Awaiting the favour of your early reply,

I am, Dear Sirs,

Yours faithfully,

Secretary.

J.G.Fowler Esq.
