H.

26th. July, 1895.

Dear Sir,

Reverting to my letter of the 13th. ultimo respecting the classification of the steamer "HIGUEROTE", I beg to acquaint you that I am in receipt of a communication from the Society's Surveyor at Demerara from which it appears that the vessel has not come to that port and that no communication has been received by him asking for any inspection to be held on the vessel.

I shall therefore feel obliged if you will kindly let me know, without further delay, what arrangements you intend making in the matter, in order to the retention of the vessel's character in the Register Book.

I am, Dear Sir,

Yours faithfully,

Secretary.

R. Anderson Esq., Manager,
