S.S.No.1 due May, 1894.

+ Lm. 6.5.90

This vessel belongs to <sup>a</sup> the Central American Railway Company, and trades between La Guaira and Carenero. The Owners proposed to have the survey held at Martinique. Enquiries were made of the Owners as to whether there were a Competent Marine Surveyor at Martinique, and the Secretary of the Company, who was in England in October last, had an interview with the Chief Surveyors. He then promised that he would endeavour to have the survey held at Demerara before May, and the case was to be allowed to stand over until then.

No further communication has been received from the Owners on the subject.
