1 Enclosure

31st October, 1896.

Dear Sir,

I duly received your letter of the 26th instant, respecting the case of your Company's steamer "HIGUEROTE", and having submitted the same to the Committee, I am directed to request that you will kindly arrange with Captain Fox, the Society's Surveyor at Barbadoes, to carry out the Special Survey No.1 on this vessel at that port or at Martinique.

I have also to suggest that, if more convenient to you, you might communicate with Mr. Duncan, the Society's Surveyor at Georgetown, Dem., who could hold the survey if the vessel will be calling at his port.

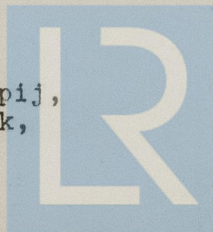

For your information, I enclose herewith an extract from the Rules describing the requirements of the survey in question, and shall be glad if you will kindly let me know what arrangements you propose making with a view to the survey being carried out as soon as practicable, seeing that it is now so long overdue.

I am, Dear Sir,

Yours faithfully,

The Secretary,
