Amsterdam, Octob. 26 1896

To the Secretary  
of Lloyd's Register of British and Foreign Shipping  
2 White Lion Court, Cannonhill.  
London E.C.

Dear Sir,

From your favor of 23<sup>rd</sup> inst. I see that the special survey n<sup>o</sup> 1 prescribed by your Society's Rules in the case of our vessel, "Higuerote" became due in April 1894. This, as well as what you further write me, was unknown to me.

For the event that the "Higuerote" is in the port of Martinique for repairs, it would perhaps be desirable to arrange with Capt. Fort for that special survey, as suggested by you.

Please let us know how to carry out the special survey in the event that the vessel is sailing again between Carenero and Lalpauya.

As soon as I have your kind reply I will write at once to our Chief Representative in Venezuela on the subject.

I am, Dear Sir,

Yours faithfully,

GABRIEL STORWEGEN
