

3rd December, 1915.
Dear
C. W. Norwood Esq.
London.

Gentlemen. I beg to advise you that
in order to complete the Bales
Survey on your S.S. "Colborne" the
Safes & Vans of same remain to be
adapted under them.
I should also remind you that
it has been arranged with
Mr Ford your Superintendent Engineer
that the "Punch" Bales of this
Season will not be used again but
that a new "Punch" Bales will be
fitted to the vessel.

Yours faithfully
P. A. M. T. W.
