VESSEL'S NAME S. S. Bolderaa Report London No. 57161

Remarks of the CHIEF ENGINEER SURVEYOR for the consideration of the Classing Committee.

(In cases which have to be submitted to the Classing Committee "the endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/92.)

Nature of Survey Part B. S.

If only partially held, the Committee require in each case a brief statement of the following, amongst other particulars:—

When Survey became due 8.95.

When proposed to be completed not stated.

Remarks:—

*Donkey boiler found defective in way of
firebox & uptake no repairs have been executed
as it is stated that a new donkey boiler will
be fitted*

*It is submitted that this
vessel WILL BE eligible for
the record. B. S. 11.95 when the safety valves
of the main boilers have been adjusted under
steam, when the new donkey boiler has been
fitted on board & the safety valves of the same
have been adjusted under steam, & subject to the
old donkey boiler not being used again.
Owners to be advised.*

*S.S.
5.12.95.*
