

S. S. Tarfasso. No 300 in Reg Book.

A new Donkey Boiler has been placed  
on board this vessel but the fitting of same  
is not completed nor has there been steam  
on this Boiler to test its safety valves & complete  
trial. It has been arranged with Mr Barringer  
Superintendent Engineer that this can be done  
after survey completed on vessels return to London  
in about six weeks. at same time the Mill  
Valve will be examined.
