ENGINES, &c. Description of Engines

12th September 1870

Thomas R. Rees Esq

Dear Sir

Mr Wilson & Mr Hyde have
Wilwall attend at the
ms for the purpose of examining
on the Materials that are used
from during Construction
the material has been
Lecorne since the writer has
& the workmanship is Good
Engineer have been Witness to
Chapman to do the same
my opinion she is
appearance so that my opinion
Classification she is stronger
