Sec. Lloyds Committee,

Dear Sir,

LLOYD'S REGISTER
LONDON.
REC'D 8 JAN. 1897
ANDP

Re- S/S. Emerald, you will remember I am making a boiler for the
above boat & this being a vessel built of wood am I correct ⁱⁿ assuming that Mr.
Morrison will not take inspection of the hull when he comes to Lynn because
if he did I would have evrything ready.

If another Surveyor has to
be arranged the Owner
will attend to it —

Yours faithfully,

Alfred Dodman.

It is submitted that Mr
Cooper should arrange for one
of the Ship Surveyors to survey
the hull of this wood vessel.
