Mr B Sledge & Sons 2<sup>d</sup>  
Milwall, attend at their works  
for the purpose of examining  
during construction a 4 ft 6 in Mult  
single ended boiler intended  
for the Steam tug Janeau  
The material has been tested  
in accordance with the Society's  
rules & the workmanship is  
good, it has been tested by  
hydraulic pressure to 180 lbs  
per sq inch & found tight and  
is in my opinion fit for  
a working pressure of 90 lbs  
For identification the boiler  
is stamped as under
