15th February, 1899.

Dear Sir,

I duly received your letter of the 11th instant, respecting your steamer "ALTATA", and in reply to your enquiry, I am directed to say that before this vessel can be recommended to the Committee as eligible to have her class re-instated in the Register Book it will be necessary for the keel plates to be renewed from the middle of the vessel to the stern as recommended when the Special Survey was held in December 1897, and for this work and any other repairs that may be deemed necessary to be carried out under the inspection of a Surveyor appointed by Lloyd's Agent at Mazatlan and further, the vessel will require to be inspected by him throughout and satisfactorily reported upon.

In addition the boiler will require to be submitted for the Special Annual Survey which became due last December.

I am, Dear Sir,

Yours faithfully,

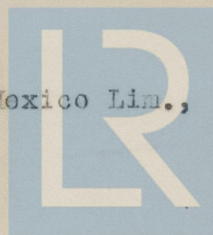

Secretary.

The Secretary,

Western Railway Company of Mexico Lim.,
