The Public are recommended to hand their Messages direct to the Company Stations, where receipts are given for the amount charged.

Messages handed to the Postal Authorities written on forms other than those issued by the Company should be marked "VIA ANGLO," which indication is signalled free.

To prevent mistakes, attention is called to the importance of legible writing.

All important messages should be repeated, for which an additional quarter rate is charged.

CONDITIONS.

The Company may decline to forward the Message, though it has been received for transmission; but in case of so doing shall refund to the sender the amount paid for its transmission.

In case the Message shall never reach its destination by reason of any neglect or default of the Company or its servants whilst the Message remains under the control of the Company, they will refund the amount paid by the sender for such Message.

The Company shall not be liable to make compensation beyond the amount to be refunded as above for any loss, injury, or damage arising or resulting from the non-transmission or non-delivery of the Message, or delay or error in the transmission or delivery thereof, howsoever such non-transmission, non-delivery, delay, or error shall have occurred.

The control of the Company over the Message shall be deemed to have entirely ceased for the purposes of these Conditions at any point where, in the course of the transit of the Message to its destination, it may be entrusted by the Company (and the Company shall have full power so to entrust the Message) for further transmission by or through any system, service or line of Telegraph belonging to or worked by any administration or authority not controlled by the Company exclusively, although worked as part of or in connection with the Telegraphic system or service of the Company.
