Dear Sir:

" ALTATA ".  
-----

I regret to learn the decision of your Committee as conveyed by your yesterday's letter. I may say that I have now received from my Manager in Mazatlan a letter stating that he has been prevented from using the slip at Guaymas owing to a change of ownership., the Government having purchased it for its own a/ct. Until the transfer is completed he is not allowed to use it.

I hope that I may shortly receive further advices from him on the subject, and in the meantime you will I am sure understand the position in which he is placed owing to the absolute lack of facilities for doing the work required.

Yours faithfully

THE WESTERN RAILWAY COMPANY
