7th August, 1896.

Dear Sir,

With reference to your letter of the 8th June last respecting surveys overdue on the steamers "ALTATA" and "MAZATLAN", I beg to acquaint you that I am now in receipt of a communication from the Society's Surveyor at San Francisco from which it appears that the Special Surveys have not been held and that no arrangements have been made in regard to the matter.

I may add that he also states that early in May last a member of the firm of Messrs. Cabrera & Roma called on him in regard to these matters and ascertained the requirements of the Rules and the probable cost of the surveys, he has however heard nothing further from ~~him~~ them.

I shall therefore be glad if you will kindly let me know what further arrangements have been made for the submission of the vessel to inspection.

I am, Dear Sir,

Yours faithfully,

The Secretary,
