

January 16th 1906

Dear Sirs

On June 25th 1905, at the request of your agent at Messina, I examined your S.S. "Elena &" of Paganaro in company with Mr. Sucoate & your agent, with a view to having this work closed in Lloyd's Register. We found a considerable amount of work to be done to her & made recommendations to that effect. On my return to Genoa, I sent Mr. Sucoate our local Surveyor, the account for my expenses & fees which was duly presented to your agent at Messina who no doubt forwarded it to you. It appears that you have paid the fees & expenses of the former gentleman, but have omitted so far to pay mine. I shall therefore feel obliged if you would kindly forward me a cheque at your earliest convenience for the amount claimed, viz £20-5-6.

Yours faithfully
Maurice Peterson
