Extract from letter dated Taganrog 7/20 June

Elena D

Above steamer entered drydock Messina on Sunday to effect necessary repairs so as to obtain 1st class at Lloyds. We are sacrificing a round sum to enable her to obtain 100 A 1

When repairs are completed steamer will proceed to Genoa for inspection and we will inform you to advise Lloyds.

P.S.

The shipbuilders at Messina undertook repairs for fixed amount so that when surveyed she obtains 100 A 1. we suppose therefore that there is an understanding with Lloyd Agent in Genoa to come to Messina to class the steamer
