VESSEL'S NAME

SSS Elena D
ex Swan

Report

Ln No. 60640A

For the CHIEF SHIP SURVEYOR and CHIEF ENGINEER SURVEYOR.

(In cases which have to be submitted to the Classing Committee "the endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/92.)

Nature of Survey

When due

It is submitted that Mr.M.A.Sevastopulo be asked to inform the Owners of this vessel that in order to render her eligible to be recommended to the Committee for reinstatement of her class, it will be necessary for the requirements of the 2nd S.S.No.3 to be fully complied with, and the vessel and her equipment favourably reported upon to the Committee, and that the survey must be carried out by an exclusive officer of this Society. The Society's Surveyor at Braila not being an exclusive Officer the survey could not be held at that port unless an exclusive Surveyor were sent there. A list of the ports at which the Society's Surveyors are stationed and a copy of the requirements of the survey in question should be sent with the letter for the Owners information.
