St. Andrews.

Leith.

April 14th 1883

Dear Mr. Paulsen, I hear
that difficulties have
arisen over the boiler
which may prove
prohibitive to obtaining
a class. Is this the fact?

If it is so, could
you pay me more
visit to see that

the boat has been
completed in the way

you intended to be?

It is extremely

working up as I believe
the rules to be
excellent, altho' it
does not meet the
rules in 2 particulars.
Kindly send me
a line when you
have time.

Yours very truly
W. H. Burn
