

20 October 1868

Gentlemen
With reference to my
letter of the 19th ult (to which I have
received no reply) regarding the pro-
amounting to £940 outstanding
for the carrying out at Newcastle on
the machinery of the L.L. "Emerson"
your Report of 1868, I shall be glad
to learn what has been done in the
matter and whether you think an
application for the pro. made from
this office would be likely to
ensure payment of the same.

am

Gentlemen
Your obedient servant

The Surveyor
Leith.
