

Steel Sailing Schooner No.3, building at Inverkeithing by
Messrs. CUMMING & ELLIS to class 100A-1.

RULE DIMENSIONS. 138.96' x 27' x 11.6'.

EQUIPMENT NUMBER. 6925. REGISTER
LONDON.

The weight of one half of the chain cable supplied to
this vessel is 69 cwts. 1 qr. 20 lbs., instead of 70 cwts. 1 qr. 14 lbs.
as required by the Rules for 1891-2, under which the vessel is
built, but the total weight of the chain cables is 140 cwts. 2 qrs.
9 lbs., or 19 lbs. less than required.

Under these circumstances, this case is left for the
consideration of the Committee.

J. L.

8/8/92.

TUES. 9 AUG 1892

Approved.
