REC'D 8-AUG. 92  
ANSR

The Secretary  
9/8

London.

Sir,

In reply to your letter of the 29<sup>th</sup> ult. and after examination of the chain cables supplied to the 3 m. schooner No 3, I have to acquaint you, that the deficiency in weight of the chain in question is not, in my opinion, confined to one or more lengths, but is spread over the whole 97½ fath.

I have callipered most of the links, which were found of the required size, and the chain appears otherwise quite satisfactory.

The builders being anxious to have the question decided, I shall be glad to receive further instructions as soon as possible.

I am,

Sir,

Your obedient servant,  
H. Nielsen
