Messrs Scott, Bous & Watt,  
attend at their works Glasgow  
on the 5<sup>th</sup> October 1892, for the  
purpose of testing a Double-  
boiler of the following dimensions:  
Three feet six inches diameter and  
seven feet six inches high, and that  
this boiler was tight and  
showed no signs of weakness,  
under a hydraulic pressure  
of one hundred and fifty  
pounds per square inch.  
The boiler is intended for  
the Grangemouth Coys Vessel  
No 147.
