The Secretary,

4/6 W. to Messrs
Byers

London.-

Sir,

Herewith I beg to submit a list of the 3 stockless Bower Anchors supplied to S. S. "Benhead" (No 90) now on the stocks & nearly completed at Messrs. J. Scott & Co's yard, Kinghorn, from which will be seen that the 3rd Anchor is not quite of the weight req^d. & I shall be glad to receive instructions whether same will be approved. - As explained by the manufacturers, whose two letters addressed to Messrs. J. Scott & Co are enclosed, the weight of the bolt attaching head to shank is 1 gr. 14 lbs., which added to the head gives ^{wt. 95 lbs.} 16.1.22. & consequently less than $\frac{3}{5}$ of 29 $\frac{3}{4}$ cwt. req^d. by the Rules. -
17-3.

For reference I enclose the approved plan of Mid. Lech & may add that this is a sister ship in all respects to S. S. "Benshaw", Lth. Regd. No 7742.

I am,

Yours obedient servant,

H. Paulsen
